**APPLICATION FOR TRANSFER OF CONTROL**

Holway Telephone Company ("Holway"), Holway Long Distance Company ("Holway LD"), K.L.M. Telephone Company ("KLM"), KLM Long Distance Company ("KLM LD"),<sup>1</sup> RBJ Corp. ("RBJ"), and RBJ Holdings, Inc. ("Holdings") (collectively the "Applicants"), hereby submit this Application for Authority to Transfer Control of the Companies' parent company, RBJ (a Missouri corporation) to Holdings (a North Carolina corporation). Each of the Companies is ultimately 100% owned by RBJ. This Application is submitted in contemplation of the sale of all of the outstanding capital stock of RBJ that, upon Commission approval, will result in transfer of control of RBJ from Bruce, Evan and Jane Copsey to Holdings. Upon Commission approval of this Application, control of the Companies will be transferred from the owners of RBJ to Holdings. Prompt grant of this Application will allow the Applicants to take advantage of increased efficiencies that will be realized from broader-based rural operations while, at the same time, ensuring that the Applicants' respective commitment to high quality, reasonably priced rural telecommunications services in Missouri are advanced. For the reasons

---

<sup>1</sup> For purposes of this Application, Holway, Holway LD, KLM, and KLM LD will be referred to collectively as the "Companies."

stated herein, Applicants respectfully submit that this result can be accomplished in a manner that raises no competitive concerns that should delay Commission approval of the transaction.

**SECTION 63.04(a) INFORMATION**

Pursuant to Section 63.04(a) of the Commission's rules, the Applicants provide the following information in support of this requested transfer of control:

**(4) Ten percent (10%) Equity Shareholders:**

**A. RBJ and the Companies**

As indicated above, each of the Companies is a wholly-owned subsidiary of RBJ. The stockholders that own Ten Percent (10%) or more of the issued and outstanding stock of RBJ are provided below.

<u>Name</u>	<u>Occupation</u>	<u>Citizenship</u>	<u>Percent Ownership</u>
Evan Copsey	Telecommunications Executive	USA	33 1/3%
Jane Copsey	Telecommunications Executive	USA	33 1/3%
Bruce Copsey	Telecommunications Executive	USA	33 1/3%

The address for each of these individuals is: 208 Ash St., P.O. Box 112, Maitland, Missouri 64466-0112.

**B. TRANSFEREES – Holdings**

Holdings is a corporate entity established for purposes of the purchase of the issued and outstanding stock of RBJ. Holdings is a wholly-owned subsidiary of American Broadband Holding Company, which in turn is a wholly-owned subsidiary of American Broadband Communications, LLC ("ABB"). Upon Commission approval of a pending transfer of control application filed by ABB, Mr. Patrick L. Eudy will be the sole owner of Ten Percent (10%) or greater of the equity of ABB, a North Carolina limited liability company.<sup>2</sup> Until that time, the

<sup>2</sup> On April 30, 2007, ABB along with those affiliated telecommunications carriers that are controlled by it filed an application for the transfer of control of ABB to Mr. Eudy from the joint control of ABB exercised by Mr. Eudy and Mr. William H. Tucker. See Public Notice, WC Docket No. 07-93, DA 07-2057, released May 11, 2007; see also *In the Matter of Arlington Telephone Company, The Blair Telephone Company, Eastern Nebraska Telephone Company, Rock County Telephone Company, Huntel Cablevision d/b/a Huntel Communications, Huntel,*

owners of Ten Percent (10%) or greater of the equity interests of ABB are provided below.

ABB owns derivative interests in several other telecommunications carriers which are identified in Attachment A hereto.

			Percent
<u>Name</u>	<u>Occupation</u>	<u>Citizenship</u>	<u>Ownership</u>
William H. Tucker	Telecommunications Executive	USA	48.75%
Patrick L. Eudy <sup>3</sup>	Telecommunications Executive	USA	48.75%

The address for each of these individuals is: 401 N. Tryon Street, 10<sup>th</sup> Floor, Charlotte, NC 28202.

The foregoing reflects all 10% or more derivative equity interests the Applicants.

**(5) Certification Pursuant to Rules 1.2001-1.2003**

Applicants hereby certify, pursuant to 47 C.F.R. §§ 1.2001-1.2003, that to the best of their knowledge, information, and belief, no party to the Application is subject to denial of federal benefits pursuant to section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. § 862.

**(6) Description of the Transaction**

Holdings will acquire all of the outstanding capital stock of RBJ Corp. from Bruce, Evan and Jane Copsey. Following this acquisition, RBJ Corp. will be held as a 100% wholly-owned subsidiary of Holdings.

---

*Inc., American Broadband Acquisition Company-II, and American Broadband Communications, LLC Application for Authorization Pursuant to Section 214 of the Communications Act, as Amended, for Transfer of Control, WC Docket No. 07-93, filed April 30, 2007 (the "ABB Request"). ABB requests that the Commission permit ABB to reflect this new ownership as part of the grant of the instant Application. A grant of this request serves the public interest by eliminating the burden of amending and/or seeking a modification of the Commission's grant of the transfer of control reflected in this Application.*

<sup>3</sup> Mr. Eudy owns 60% of Dialog Telecommunications, a competitive local exchange carrier operating in Kentucky, Mississippi and North Carolina. Since Mr. Eudy owns this equity interest in his individual capacity, it is not reflected in the interests of ABB reflected in Attachment A.

Accordingly, upon consummation of the transaction control of RBJ will be transferred from Bruce, Evan and Jane Copsey to Holdings.

**(7) Geographic Description**

Holway is an incumbent local exchange carrier providing local exchange and exchange access service to subscribers in and around Maitland, Missouri in Northwest Missouri.

Holway LD is an interexchange service reseller providing service to subscribers in and around Maitland, Missouri and in the general area served by Holway.

KLM is an incumbent local exchange carrier providing local exchange and exchange access service to subscribers in and around Rich Hill, Missouri in Western Missouri.

KLM LD is an interexchange service reseller providing service to subscribers in and around Rich Hill, Missouri and in the general area served by KLM.

**(8) Streamlined Treatment**

Because the existing Holway service area is adjacent to the south of the service area of one of the affiliated companies of Holdings – Oregon Farmers Mutual Telephone Company (“Oregon-Farmers”) (see attached map included as Attachment B), streamlined treatment is not available pursuant to the Commission’s rules. *See* 47 C.F.R. §63.03(b)(2)(iii).

**(9) Other Related Applications Before the Commission**

The Applicants will file for authority to transfer International Section 214 Authority as well as a private radio license.

**(10) Statement of Imminent Business Failure**

Not applicable.

**(11) Separately Filed Waiver Requests**

None

**(12) Public Interest Statement**

Prompt grant of this Application will allow the Applicants to take advantage of increased efficiencies that will be realized from broader-based rural operations while, at the same time, ensuring that the Applicants' respective commitment to high quality, reasonably priced rural telecommunications services in Missouri are advanced. Applicants respectfully submit that this result can be accomplished in a manner that raises no competitive concerns that should delay Commission approval of the transaction. Accordingly, the Applicants respectfully submit that the public interest would be served by a grant of this requested transfer of control.

Upon consummation of the transaction, Holway and KLM will continue to provide high quality, modern local exchange and exchange access services to their customers. Likewise, upon consummation of the transaction, Holway LD and KLM LD will continue to provide resold long distance service to their current respective subscribers in a manner that will render the transfer for which authorization is sought herein transparent to each of the Companies' subscribers.

Applicants also submit that the instant transaction raises no competitive issues that should delay prompt grant of this application. Holway LD and KLM LD, individually and collectively, serve less than 10 percent of the interexchange market. Holway and KLM, in turn, serve sparsely populated rural areas of Missouri. Specifically, Holway's service area is approximately 136 square miles, within which it serves approximately 524 access lines as of the end of December, 2006. Of those access lines, 469 were residential access lines and 55 were business access lines. KLM's service area is approximately 303 square miles, within which it serves approximately 1,435 access lines as of the end of December, 2006. Of those access lines, 1,186 were residential access lines and 249 were business access lines.

The Holdings-affiliated ILEC -- Oregon-Farmers that serves adjacent areas to that operated by Holway also provide service in sparsely populated rural areas. Specifically, Oregon-Farmers' service area is approximately 165 square miles, within which approximately 1,097 access lines were served as of the end of December, 2006 (approximately 80% of which were residential and the remaining being business).

The rural areas of the Holway and KLM, as well as that of Oregon-Farmers, are not subject to the same competitive pressures as more heavily populated urban markets. In fact, no interconnection request from a competitive local exchange carrier ("CLEC") has been received by Holway, KLM or Oregon-Farmers. Consequently, these companies have not entered into nor have they been required to negotiate an interconnection agreement with a CLEC. Likewise, Holway and KLM have entered into agreements with wireless providers and the terms of those agreements will not be altered arising from the consummation of this transaction.

In summary, no issues regarding competition should delay a prompt grant of this application. In fact, and but for the adjacent service areas, this transaction would be subject to the FCC's streamlined processing rules since: (1) Holway, KLM and all Holdings-affiliated incumbent local exchange carriers, individually and collectively, have less than two percent of the access lines in the country; (2) Holway LD and KLM LD and all Holdings-affiliated interexchange carrier resellers, individually and collectively, will serve less than 10% of the interexchange market; and (3) no Holdings-affiliated company provides a non-dominant service offering in either of the certificated areas of either Holway and KLM and vice versa. *Compare* 47 C.F.R. § 63.03 (b)(2). Prompt grant of this application is therefore amply justified and in the public interest.

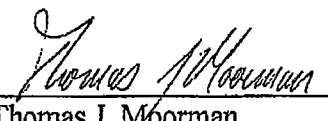

**CONCLUSION**

For the foregoing reasons, Applicants respectfully request that the Commission promptly grant this Application.

Respectfully Submitted,

**Holway Telephone Company  
Holway Long Distance Company  
K.L.M. Telephone Company  
KLM Long Distance Company

American Broadband Communications, LLC ("ABB") has derivative ownership interests in the following telecommunications carriers. These interests are derived through intermediate corporate holding companies that have been used in the various acquisitions within which ABB has participated.

The following intermediate corporate entities are those within which ABB has an interest (which on a derivative basis are greater than Ten Percent (10%) of the equity interests) in specific telecommunications carriers<sup>1</sup> identified below: (1) American Broadband Acquisition Corp.; (2) American Broadband Communications, Inc.; (3) American Broadband Acquisition Corp. III; and (4) American Broadband Acquisition Corp. IV. ABB's owners, Messrs. Tucker and Eudy, also are the derivative owners of the majority equity interests (which, in turn is greater than Ten Percent (10%) of the ultimate equity interests) of certain telecommunications carriers through their ownership interests of American Broadband Acquisition Corporation II, which is wholly-owned by ABB.

These derivative equity interests, the type of telecommunications carrier, the derivative interest entity and service area are noted below.

<u>Holding Company Name</u>	<u>Ownership Interest</u>
American Broadband Acquisition Corp. ("ABAC")	49% by ABB
American Broadband Communications, Inc. ("ABCI")	92% by affiliates of ABB (Mr. Tucker currently owns approximately 57% of ABCI and Mr. Eudy owns approximately 35% of ABCI).
American Broadband Acquisition Corporation III ("ABAC-III")	30% by ABB
American Broadband Acquisition Corporation IV ("ABAC-IV").	40% by ABB
